

FOOD SAFETY AND QUALITY POLICY FOR ANIMAL FEED PRODUCTS

APLICACIONES ESPECIALES DEL VALLÈS is a company dedicated to the manufacture of additives and premixes for animal feed.

The statement of the Food Safety and Quality Policy for Animal Feed products includes the following guiding principles: • To satisfy the demands, requirements, and expectations of our customers by supplying high-quality and safe products.

- Based on strategic guidelines defined in the context analysis, the company's quality and food safety objectives have been established and disseminated throughout all levels of our organization, thus involving all personnel in achieving the objectives set forth in this document.
- To design processes that reduce food safety risks in our products and to proactively assess food safety risks at all stages of our production processes.
- To minimize contamination and waste generation and manage waste appropriately.
- To develop ongoing training programs aimed at improving the qualifications of our employees, with an emphasis on knowledge related to the quality and food safety of our products. • Consolidate the continuous improvement process in the performance of all products and activities carried out at APLICACIONES ESPECIALES DEL VALLÈS.
- Foster and achieve a stimulating and motivating environment for all members of the company.
- Maintain appropriate external and internal communication with the organization's stakeholders.
- Comply with legal requirements and those established by the FAMI-QS standard.
- Take the necessary actions for the prevention of fraud and/or adulteration of food additives.

Management makes this policy accessible and available to its clients, all its employees, suppliers, and the general public.

The Policy is kept up-to-date through periodic reviews, coinciding with management reviews of the system, in order to take into account changes in environmental conditions and information received. In this regard, management provides and will provide all the necessary human, technical, and financial resources to achieve the objectives and goals established on a scheduled and periodic basis.
